Molly McCammon is an illustrator and storyteller from Dundee, Scotland. Focussing on stories of unlikely friendships, Molly's work is bursting with rich colour, texture and tactility.

During her time studying illustration at Duncan of Jordanstone, Molly was awarded the overall Use of Colour award for her year group and was awarded the One-To-Watch Award at the D&AD Design Festival in 2019.

After graduating with a first-class BDes Illustration degree, Molly was eager to continue exploring picturebooks and successfully enrolled at Cambridge School of Art to study a masters in Children's Book Illustration.

Since graduating in June 2021, Molly has been expanding her children's illustration portfolio and has been working on new stories that will melt the hearts of families everywhere.
