

This made Rabbit

VERY  
happy!

It made him SO happy.  
all the other rabbits caught his happiness.  
He filled the woods with colour and music.

He liked painting...

"Little bird did you know a home can be here or there,  
near or far, big or small, hot or cold ...  
and sometimes you can even have two homes  
... which we do!

It's time to fly South to our Winter home,  
where the food is plenty and the winds breath  
is warm."

All the birds gathered and their long journey began.

and higher  
the birds flew

higher...

Higher...

And Little Bird followed with all his favorite things.

...But he discovered  
lots of NEW favorite things!

... some Chimpanzees,

a Big Furry Bear, a Trapeze ...

and hurry home  
in time for tea.

...tea!
